

Amendments to the Claims:

Please cancel claims 1, 7 and 8 in the present amendment, without prejudice.

Please amend claims 9, 11 and 12.

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.-8. (Cancelled)

9. (Currently Amended) ~~The method of claim 8 wherein said antigen is PAP~~ A method of eliciting or enhancing a T cell response to a human self tumor antigen, comprising immunizing a human being with a composition comprising a protein or portion thereof with an amino acid sequence native to a non-human source, wherein the non-human protein or portion thereof has at least 80% amino acid sequence homology to the human self tumor antigen but is not identical in amino acid sequence to the human antigen, and wherein the human self tumor antigen is human prostatic acid phosphatase (PAP).

10. (Cancelled)

11. (Currently Amended) ~~The method of any one of claims 1, 7, 8 or claim 9~~ wherein the composition further comprises a pharmaceutically acceptable carrier or diluent.

12. (Currently Amended) ~~The method of any one of claims 1, 7, 8 or claim 9~~ wherein the composition further comprises an adjuvant.
